

KINDERGARTEN WEEKLY UPDATE

Friday, June 15th 2018

We had a fun and fabulous week at school this week. On Tuesday, we visited Black Creek Pioneer Village. During our visit to Black Creek Pioneer Village we participated in a Sensory Adventure. We used our five senses to explore the Village. On Thursday evening, we had our Spring Arts Night. It was marvelous to see all the Kindergarten students performing in front of all the FDS families. Well done!

On Tuesday, June 19th – Please bring an extra bag (large) to take home all our belongings from the year.

On Wednesday, June 20th, we will be spending the afternoon at Sportball doing lots of different activities. The students will all receive an ice-cream at the end of the day provided by the FPA.

Thursday, June 21st is our Awards Ceremony, it is a fantastic way to complete our amazing year in Kindergarten. Please arrive in the classroom in Number One Dress at 12:30pm.

Wishing everyone a spectacular summer break! Thank you for all your support throughout the year.

Math – In Math, this week we worked in our very own Math Booklets. The booklet had lots of different math activities which helped us to consolidate our learning from the year. We also played some math games.

Science – In Science, this week we conducted an experiment. We put some white flowers into two different vases. One vase had clear water in it, and the other vase had coloured water in it. The students had to predict what they thought would happen to each of the flowers in the different vases.

English – This week in English, we have been doing lots of writing about our favourite things in Kindergarten. We have also been sharing our writing with the class.

Social Studies – In Social Studies, we learned about South American rainforests and also Toucans. We learned that the Amazon rainforest is the largest tropical rainforest in the world. We also learned that the cougar, jaguar, and anaconda all live in the Amazon rainforest. We

learned that Toucans have a black body and white throat, and a colourful giant beak! Toucans get most of their water from the fruit they eat, so they don't need to drink too much water. Next week we will be learning about our very last continent and country, Australia.

Gym – In Gym, this week we played some of our favourite games that we have learned throughout the year. We all chose a few games that we enjoyed, and then voted on our favourite ones. Fun was had by all.

Orff – This week we practiced, had a dress rehearsal for and performed our two pieces!

French – This week in French class, we spent some time watching 'Kirikou', the little African boy who speaks French beautifully. We listened and looked for familiar vocabulary.

Art – The students are completing their Blue-jay Bird Collages in colourful construction paper.

PLEASE ASK YOUR CHILD:

- 1) What happened to the white flowers in the vases?
- 2) What was your favourite part of our field trip to Black Creek Pioneer Village?
- 3) What was your favourite thing about Kindergarten this year? Name one achievement this year in Kindergarten.

WHAT'S HAPPENING IN KINDERGARTEN NEXT WEEK?

Monday	Tuesday	Wednesday	Thursday	Friday
	<p>PLEASE BRING AN EXTRA BAG (Large) TO TAKE HOME ALL OUR BELONGINGS</p> <p>FINAL GYM TODAY</p>	<p>"Waste-Free" House Lunch</p> <p>Sportball Activity Day – 1pm (Wear athletic clothing today)</p>	<p>Awards Ceremony - 1pm</p> <p><i>(Please be in our classroom at 12:30pm and in Number One Dress)</i></p>	<p>Enjoy your summer holidays!</p>
