

Kindergarten Weekly Update

Friday, September 29, 2023

Language Arts Ms. Vela	This week the Kindergarteners focused on letters P and F. They were also introduced to their guided reading books and tried to blend our learned sounds together.
Math Ms. Vela	This week the yellow group reviewed numbers 1-5 and learned about numbers 6 through 8. The Purple group worked on adding and subtracting with 8 through 10.
Science Ms. Vela	This week the Kindergarteners learned about their sense of hearing. They thought about where they hear different sounds, and whether sounds are loud or soft.
History/Geography Ms. Vela	This week the Kindergarteners learned all about Truth and Reconciliation in honour of National Truth and Reconciliation Day. They learned the Orange Shirt Story and discussed the importance of making others feel valued. They also began learning about the different animals and landmarks in Canada.
Visual Arts Ms. Vela	This week the Kindergarteners learned about Artist Ted Harrison and discussed his Yukon-Inspired paintings. They then practiced drawing circles and horizontal lines to replicate his artwork. Finally the Kindergarteners got to paint with watercolor.
French Mme Lechallier	This week the Kindergarten worked on how to say "I Matter" Je compte" for the orange day in French and they wrote little words on a range paper to go along with three. They also continued learning the song "Ainsi font font les petites marionnettes" along with their number from 1 - 10.
Health & Physical Education Mr. Makubuya	This week our Kindergarten class competed in some individual and team relays! Great sportsmanship this week!
Music Mr. Morales	The Kindergarten Class spent the week reviewing the rhythms they learned this month along with quarter note and rest reading exercises.

Please Ask Your Child:

1. What sounds do P and F make?
2. What are two ways to make someone feel important?

Monday October 2	Tuesday October 3	Wednesday October 4	Thursday October 5	Friday October 6

Grade One/Two Weekly Update

Friday, September 29, 2023

Language Arts Mr. Murray	Students began working in the Cambridge Primary English textbooks, listened to the story James and the Giant Peach, and continued reviewing the letter sounds and shapes.
Math Mr. Murray	Students continued learning place value with the help of place value blocks, and began learning addition operations and algorithms.
Science Mr. Murray	Students began measuring the weather daily with the help of weather measurement tools, and also began exploring different types of extreme weather and how they originate.
History/Geography Mr. Murray	Students completed an assessment testing their knowledge on continents and oceans, and began exploring the provinces and territories of Canada.
Visual Arts Mme Lechallier	This week the students are still continuing working on their project the Element of Art into a Pumpkin.
French Mme Lechallier	This week the students have been working on reading syllables with the letters P "pa, po, pi, pe, pu, papa, papi, popi, pupu." They also have been introduced to a poesie "poeme" 1,2,3 <i>nous irons au bois</i> . They also work on writing messages for "I Matter" "je compte."
Health & Physical Education Mr. Makubuya	This week our grade One/Two class competed in some individual and team relays! Great sportsmanship this week!
Music Mr. Morales	The Grade Ones and Twos spent the week reviewing proper posture, instrument care, and longbow warm up exercises. They also made progress on performance exercises from the Essential Elements for Strings method books.

Please ask your child:

1. What province do we live in?
2. What is a meteorologist?

Monday October 2	Tuesday October 3	Wednesday October 4	Thursday October 5	Friday October 6

Grade Three Weekly Update

Friday, September 29, 2023

Language Arts Mrs. Haddad	This week the students were excited to kick off the school year reading and discussing classic tales in their language class! They were given the chance to read and answer questions about <i>Aladdin and the Wonderful Lamp Part I</i> . The students also explored the features of a Tale!
Math Ms. Sharma	The students started learning about understanding the place value. The students loved watching videos regarding the same and had fun learning about multiplying and dividing multiples of 10's.
Science Ms. Sharma	The students loved learning about Vertebrates and invertebrates animals. They loved learning by identifying different animals using a chart. They even learnt about exoskeleton and how some animals have exoskeleton.
History/Geography Ms. Carey	This week students delved right into the dangers and navigating on rivers. They had so much fun trying to navigate their way down their three rivers we have looked at.
Visual Arts Mme Lechallier	This week the students are still continuing working on their project the Element of Art into a pumpkin.
French Mme Lechallier	This week the students have been introduced to writing a poesie (poeme) "Je suis poli" . They also worked on how to say "I Matter" <i>Je compte</i> for <i>Orange Shirt Day</i> and wrote messages.
Health & Physical Education Mr. Makubuya	This week our Grade Three class continued Our Striking and Fielding Unit participating in games such as Ribby and Danish Longball.
Music Mr. Morales	The Grade Three Class made significant progress on various performance exercises from the Essential Elements for Strings method book. Students focused on reading the notes D and A along with quarter notes and rests.

Please ask your child:

Q1. Name the invertebrates who have an exoskeleton.

Monday October 2	Tuesday October 3	Wednesday October 4	Thursday October 5	Friday October 6

Grade Four Weekly Update

Friday, September 29, 2023

Language Arts Mrs. Haddad	This week our fourth graders were hard at work distinguishing between the features of the first and third person. They used the speech bubbles in their books as a stimulus for discussion, and they were able to convey a story to each other from a different point -of-view. The Grade Fours used pronouns correctly and consistently. They were challenged to incorporate complex words to expand their vocabulary, and in so doing, learn how to express their thoughts more precisely. Great job everyone!
Math Ms. Sharma	The Grade Four Students loved to learn about Triangles and Symmetry. They learnt using different polygons and lines of symmetry by learning about different patterns. They learnt to draw lines of symmetry by learning about different shapes in a pattern.
Science Mrs. Haddad	The Grade Four Students observed different flowers in their habitat and used photographs to sort the flowers into groups according to how they were pollinated. Then they were given the opportunity to design and draw a flower that will attract insect pollinators. Learners were encouraged to explain their drawing to the class.
History/Geography Mrs. Haddad	This week, the fourth graders pulled out their maps to identify the lines drawn on them, pointing out the parallels, meridians, and hemispheres. The students took the time to locate where we are on Earth relative to the equator and the prime meridian. Students also learned how to use lines of latitude and longitude to write out the coordinates of any point on earth's surface. Way to work your way around a map everyone!
Visual Arts Mme Lechallier	This week the students are still continuing working on their project the Element of Art into a pumpkin.

French Mme Lechallier	This week the students have been introduced to writing a poesie (poeme) "Je suis poli" . They also worked on how to say "I Matter" <i>Je compte</i> for <i>Orange Shirt Day</i> and wrote messages.
Health & Physical Education Mr. Makubuya	This week our Grade Four class continued Our Striking and Fielding Unit participating in games such as Ribby and Danish Longball.
Music Mr. Morales	The Grade Four Class made significant progress on various performance exercises from the Essential Elements for Strings method book. Students focused on reading the notes D and A along with quarter notes and rests.

1. Why would it be especially important for a sailor to have access to navigational tools like radar or GPS?
2. Why do insects visit flowers?

Monday October 2	Tuesday October 3	Wednesday October 4	Thursday October 5	Friday October 6
Number One Uniform	Regular Uniform	P.E. Uniform	P.E. uniform	PD Day (No classes)
