

Grade Five/Six Weekly Update

Friday, June 14, 2024

English Ms. Carey	This week, the Grade Fives & Sixes completed their Cambridge English Progression Tests! Well done Grade Five & Six! The students can now relax and enjoy the last few days of the school year! 😊
Math Ms. Sharma	This week, Grade Five and Six reviewed and practiced for their progression tests and successfully completed their Math Progression Tests. They did a great job!
Science Mr. Jamali	This week, Grade Five and Six reviewed and practiced for their progression tests and successfully completed their Science Progression Tests.
History/Geography Ms. Carey	The Grade Six continued their journey through Latin America, They explored Mexico's fight for independence and the consequences such as Independence brought. Grade Five continued their work on the final unit of the year: Feudal Japan. They investigated the ways a shōgun was more powerful than an emperor, how daily life in Japan differed based on people's place in society and how foreign trade brought about the end of the shōgun era.
Visual Arts Mrs. Haddad	This week, our Grade Five and Six students worked on completing their Father's Day project. They designed unique Father's Day cards that showcase their creativity and appreciation. This project aims to encourage students to express their gratitude and love through art and thoughtful messages, creating a special keepsake for their fathers.
French Mme Lechallier	This week, the students worked on reviewing for their final test on June 17. They are working on: winter vocabulary, fruits, vegetables, farm animals, emotions, verbs auxillaires, 1 gr in present, futur, past tense, sentences and a poem of their choice from the beginning of the year.

Health & Physical Education Mr. Makubuya	This week, our Grade Five and Six class continued to prepare for Track & Field Day as well as enjoying some Soccer, Kickball and Baseball.
Music Mr. Morales	The Grade Fives and Sixes were given as much class time as possible to finish outstanding tasks and assignments, particularly for any students who missed assignments due to absences. Students finished theory homework and reviewed the basics of tonality. Students also participated in an interesting discussion on music history and the development of musical genres as they thought about why any artist might create art which they know a majority of the public may not appreciate.

Monday June 17	Tuesday June 18	Wednesday June 19	Thursday June 20

Grade Seven/Eight Weekly Update

Friday, June 14, 2024

English Ms. Carey	This week, the Grade Sevens completed their Cambridge English Progression Tests! Well done Grade Seven! The students can now relax and enjoy the last few days of the year! 😊
Math Mr. Murray	This week, the Grade Seven and Eights prepared for and completed their progression tests, as well as caught up on any missed assignments.
Science Ms. Sharma	This week, Grade Seven and Eight reviewed and practiced for their progression tests and successfully completed their Science Progression Tests. They did a great job!
History/Geography Ms. Carey	The Grade Sevens continued working on their Minecraft Sustainability project this week. They learned about water treatment facilities and even built their own wind farm! This unit has been very enjoyable for the Grade Seven students and a nice way to consolidate their learning in Geography.
Visual Arts Mrs. Haddad	This week, our Grade Seven and Eight students worked on completing their Father's Day project. They designed unique Father's Day cards that showcase their creativity and appreciation. This project aims to encourage students to express their gratitude and love through art and thoughtful messages, creating a special keepsake for their fathers.
French Mme Lechallier	This week, the students worked on reviewing for their final test on June 17. They are working on: winter vocabulary, fruits, vegetables, farm animals, emotions, verbs auxillaire, 1 gr in present, futur, past tense, sentences and a poesie of their choice from the beginning of the year.

Health & Physical Education Mr. Makubuya	This week, our Grade Seven and Eight class continued to prepare for Track & Field Day as well as enjoying some Soccer, Kickball and Baseball!
Music Mr. Morales	The Grade Sevens and Eights are enjoying wrapping up the school year. Students were given time in class to finish outstanding work including a Harmonic Composition assignment and a Musician Health and Safety assignment.
