

Kindergarten Weekly Update

Friday, June 7, 2024

Language Arts Ms. Petrie	This week the Kindergarteners began reviewing what they learned this school year. The Kindergarteners practiced their beginning sounds with a sorting activity. The students enjoyed listening to many read alouds, especially the summer themed ones! The Kindergarteners engaged in writing activities. They started their June Journal and did some sticker stories, and we also did a “what are you doing this summer?” writing prompt. The students continue to practice their vocabulary and reading comprehension skills with their Wordly Wise activities.
Math Ms. Petrie	For math this week, we reviewed patterns. Students had to finish patterns, make their own patterns, and follow directions to create the correct pattern. Students made AB, ABB, ABC, and ABCD patterns. The class did a good job showing the knowledge they learned earlier in the year about patterns.
Science Ms. Petrie	Our class finished our Earth and Living Things unit this week. We looked at the life cycle of a frog. Students engaged in discussions, sorting activities, and making their own book about the frog’s life cycle. The classes learned about the life cycle through interactive videos and books.
History/Geography Ms. Petrie	In History, we continued to learn about Antarctica. The students learned about the different animals that live in Antarctica. We took a deep dive into penguins. Students then took what they learned about penguins and did a directed drawing and wrote a fact about penguins that they learned.
Visual Arts Ms. Petrie	The Kindergarteners engaged in some fun summer art crafts this week! We made crabs swimming under the water. Students needed to use their painting, cutting, colouring, drawing, and gluing skills. Students also engaged in a summer themed directed drawing!
French Mme Lechallier	This week, the kindergarten played a French game: un deux trois soleil, la chandelle, nous irons au bois.

Health & Physical Education Mr. Makubuya	This week our Kindergarten class participated in some Floor is Lava games as well as preparing for the Field day on Friday, the class practiced their 20m Race!
Music Mr. Morales	The Kindergarten Class took part in notation exercises meant to improve their understanding of whole, half, and quarter notes along with giving them the opportunity to practice drawing them. The class also continued listening to a variety of repertoire which they are slowly learning for their musical future at Fieldstone. This week's songs included Summertime, and Octopus' Garden.

Monday June 10	Tuesday June 11	Wednesday June 12	Thursday June 13	Friday June 14
Number One Uniform	Regular uniform	P.E. uniform	P.E. Uniform	Water Games Day Bring your swimsuits, towels, and sunscreen!

Grade One/Two Weekly Update

Friday, June 7, 2024

Language Arts Mr. Murray	The Grade Twos have been preparing for their upcoming Progression Test by completing various activities from past and sample papers, whereas the Grade Ones have been working on rhyming words and identifying suffixes. This week, students have also been focusing on reading and writing fiction pieces.
Math Mr. Murray	The Grades Ones and Twos finished looking at fractions this week, getting individual review and practice, and attempting different group challenges by ordering fractions from largest to smallest, and placing them on a number line. Students then indicated their knowledge with a formative assessment.
Science Mr. Murray	This week, students looked at practice questions from the Science Progression Tests. Individuals impressed with their vast knowledge in biology, chemistry, and physics, and worked together in table groups to discuss their understanding.
History/Geography Mr. Murray	This week, the Grade One and Twos finished looking at Ancient Civilizations and began preparing for their final inquiry projects.
Visual Arts Mme Lechallier	This week the students worked on a new project for Father's Day. They will be using all the tools and skills learnt from the beginning of the year to realize this Art project.
French Mme Lechallier	This week, students prepared for their final test that will be on June 17. The students worked on body parts, emotions, colours, and farm animals.
Health & Physical Education Mr. Makubuya	This week, our Grade One and Two class participated in 'The Floor is Lava!' games as well as prepared for the Track & Field day on Friday; the class practiced their 50m Race!
Music Mr. Morales	The Grade One and Two Class took part in rhythmic notation exercises meant to aid their understanding of whole, half, and quarter notes,

along with the proper way of drawing or writing musical notation. The class also continued to review basic techniques on their orchestral instrument as they prepare for the following school year.

Monday June 10	Tuesday June 11	Wednesday June 12	Thursday June 13	Friday June 14
Number One Uniform	Regular Uniform	Regular Uniform	P.E. Uniform	Water Games Day Bring your swimsuits, towels, and sunscreen!

Grade Three Weekly Update

Friday, June 7, 2024

Language Arts Mrs. Haddad	This week, our Grade Three students delved into Act 5 of Macbeth. We read with expression and engaged in lively discussions about the play. Additionally, we reviewed for the upcoming progression test by revisiting the main grammar concepts learned throughout the year. Students also practiced reading comprehension by answering related questions. These activities have helped reinforce their understanding and prepare them for the test.
Maths Ms. Sharma	This week, Grade Three students practiced progression test paper 1 and paper 2. The students practiced and reviewed all the concepts by working together. This helped the students build confidence and feel more prepared for the tests.
Science Ms. Sharma	This week, Grade Three students reviewed the last unit: Electricity. They also practiced progression test paper 1 and paper 2. The students reviewed all the concepts by working together. This helped the students build their confidence and feel more prepared for the tests.
History/Geography Ms. Carey	This week, Grade three went on a trip around Europe. Each country they landed in, the students needed to know: the capital city of that country, the currency, language and famous landmarks. Our students love a challenge, so the competitiveness was high in our class for this activity, but a lot of fun! We definitely have some globetrotters on our hands.
Visual Arts Mme Lechallier	This week, the students worked on a new project for Father's Day. They will be using all the tools and skills learnt from the beginning of the year to realize this Art project.
French Mme Lechallier	This week, students prepared for their final test that will be on June 17. The students worked on body parts, emotions, colours, and farm animals.

Health & Physical Education Mr. Makubuya	This week, our Grade Three class prepared for our Track & Field day on Friday, preparing for their 75m Race and Relays!
Music Mr. Morales	The Grade Threes and Fours worked on a variety of theory assignments this week that will reinforce and increase their knowledge of notes on the staff for treble and bass clefs.

Monday June 10	Tuesday June 11	Wednesday June 12	Thursday June 13	Friday June 14
Number One Uniform	Regular Uniform	P.E. Uniform	P.E. Uniform	Water Games Day Bring your swimsuits, towels, and sunscreen!

Grade Four Weekly Update

Friday, June 7, 2024

<p>Language Arts Mrs. Haddad</p>	<p>This week in English, our Grade Four students focused on reviewing for the upcoming progression test. We conducted mock Cambridge tests, completing both Paper 1 and Paper 2 in class. Together, we went through the marking scheme, allowing the students to mark their own tests and understand how their answers are evaluated. This exercise also helped reinforce the main concepts and provided valuable feedback to prepare them for the test next week. The collaborative review session was an important step in ensuring everyone is confident and ready.</p>
<p>Maths Ms. Sharma</p>	<p>This week Grade Four students practiced progression test paper 1 and paper 2. The students practiced and reviewed all the concepts by working together. This helped the students build greater confidence and feel more prepared for the tests.</p>
<p>Science Mrs. Haddad</p>	<p>This week in Science, our Grade Four students focused on reviewing for the upcoming progression test. We conducted mock Cambridge tests, completing both Paper 1 and Paper 2 in class. Together, we went through the marking scheme, allowing the students to mark their own tests and understand how their answers are evaluated. This exercise also helped reinforce the main concepts and provided valuable feedback to prepare them for the test next week. The collaborative review session was an important step in ensuring everyone is confident and ready.</p>
<p>History/Geography Mrs. Haddad</p>	<p>This week, our fourth-grade class embarked on an exciting new unit about the Chinese dynasties. We delved into the era of the first emperor, Qin Shi Huang, who played a crucial role in uniting China. Students learned about his significant achievements, such as standardizing the Chinese script, currency, and weights and measures, as well as initiating the construction of the Great Wall. Additionally, we explored the importance of the silk industry in ancient China. The Chinese went to great lengths to protect their silk-making techniques to maintain their economic advantage and</p>

	safeguard their valuable trade secrets, ensuring that their silk remained a highly prized and exclusive commodity around the world.
Visual Arts Mme Lechallier	This week, the students worked on a new project for Father's Day. They will be using all the tools and skills learnt from the beginning of the year to realize this Art project.
French Mme Lechallier	This week the students worked on their final test that will be on June 17. The students are working on body parts, verbs, colours, farm animals, winter vocabulary, fruits and vegetables and a poesie of their choice learnt during the year.
Health & Physical Education Mr. Makubuya	This week, our Grade Four class prepared for our Track & Field Day on Friday, preparing for their 100m Race and Relays!
Music Mr. Morales	The Grade Threes and Fours worked on a variety of theory assignments this week that will reinforce and increase their knowledge of notes on the staff for treble and bass clefs.

Monday June 10	Tuesday June 11	Wednesday June 12	Thursday June 13	Friday June 14
Number One Uniform	Regular Uniform	P.E. Uniform	P.E. Uniform	Water Games Day Bring your swimsuits, towels, and sunscreen!

Please ask your child:

1. What were some of the things the first emperor did to unite China?
2. Why might the Chinese have wanted to protect their silk industry?
