

Grade Five Weekly Update

Friday, September 6, 2024

English Ms. Carey	This week Grade Five began their year by stepping back in time to the world of Shakespeare and the development of the English language. Students had a lot of fun trying to read and translate extracts from 'Old English' and 'Middle English'. They couldn't believe the English language they know today evolved so much.
Math Ms. Sharma	This week Grade Five started their class year with an introduction to the number system. They reviewed place values and how the value of a digit can be written with a decimal. They are ready to learn so many new things this year.
Science Ms. Sharma	This week Grade Five started their class year with an introduction to the human body and how every organ system has a unique function in our body. They started learning about the circulatory system and were amazed to know how the heart plays such a vital role in our body. They saw various slides on a microscope, of different organ systems and organisms in the science laboratory and they couldn't believe their eyes.
History/Geography Ms. Carey	This week Grade Five were introduced to world lakes. Students worked together using World maps and globes, to locate different lakes all around the world. Students had a lot of fun working together to find lakes on different continents.
Global Perspectives Ms. Carey	This week Grade Five were introduced to Global Perspectives. Students explored the outline of the course. They identified the goals of the course and the skills that they would use in order to achieve these goals. Students also spent some time looking at topics and discussing the one they would like to choose for their projects.
Visual Arts Mme. Lechallier	This week the students of Grade Five were introduced to the subject of Visual Art and what they will be working on from now to December 2024.

French Mme. Lechallier	This week the students of Grade Five got to know each other in order to know each other better. The students learned what they will be working on this month. They will do reviews with one or two tests at the end of the month.
Health & Physical Education Mr. Makubuya	This week Our Grade Five and Six class were introduced to Unit One of Net and Wall Games as well as some icebreaker games!
Music Mr. Morales	The Grade Fives and Sixes were given an introduction to our music program along with an explanation of the instruments available to study in music class. Students participated in a wide discussion on the various roles that instruments play within our ensemble.
