

Grade Five Weekly Update

Friday, October 18, 2024

English Ms. Carey	This week Grade Five continued their journey of exploring Shakespeare through some of his famous Sonnets. Students wanted to put their muscle memory to the test as they identified the iambic pentameter in one of Shakespeare's most famous poems, Sonnet 18.
Math Ms. Sharma	This week Grade Five continued learning about 2D shapes. They were introduced to rotational symmetry. They were shown various shapes and they identified the order of symmetry of each shape. They were excited to work with their partners to work on various shapes and their rotational symmetry.
Science Ms. Sharma	This week Grade Five learnt about reversible changes and how dissolving works? They learnt by working on an activity where they used a cold and hot water glass and mixed sugar granules using a stirrer and observed what factors affect dissolving. They also worked on the presentation along with their partners and cannot wait to present it next week.
History/Geography Ms. Carey	This week in Geography, Grade Five students presented their fantastic powerpoint presentations on 'World Deserts'. Students showcased their understanding of how to research a topic and use precise information that they gathered to put together a presentation on it.
Global Perspectives Ms. Carey	This week in Global Perspectives, Grade Five students turned their focus to the global element of their project. In which they researched how their topic/issue impacts different countries/cultures. Students really enjoyed this element of their research as they were able to compare and contrast the similarities and differences they found, to Canada.
Visual Arts Mme. Lechallier	This week, the students are still continuing on working on two projects for the month of October: Halloween in 3d and Remembrance day Royal Canadian Legion contest.

French Mme. Lechallier	This week the Grade Five keep working on Verb etre in present, futur, past and imperfect tense. Along with that some students work on writing their own poem to enter in the Royale Canadian Legion contest. The Grade Five are still in the process of learning their song for the Winter Showcase.
Health & Physical Education Mr. Makubuya	This Week our Grade Five class completed our Fitness Test part one and began our intro to Badminton Unit. Playing 1v1 and 2v2 games as they prepare for the class tournament next week!
Music Mr. Morales	The Grade Fives and Sixes made considerable progress this week as they received more exercises and songs from Essential Elements to sharpen their music reading skills. Students progressed as far as exercise 19. Rolling Along, a significant achievement as a group.

Q. Give one example each of reversible and irreversible change.

Grade Six Weekly Update

Friday, October 18, 2024

English Ms. Carey	In English class this week, Grade Six students looked at how a writer presents characters and relationships in a story. Students really enjoyed identifying the different characteristics of four characters in an extract that we read in class. Students further explored how their characteristics impact whether or not we like or dislike characters. We had a class debate on which character we liked most and why.
Math Ms. Sharma	This week, Grade Six continued learning about constructing and solving equations and inequalities. They were introduced to the concept of how to use statements to construct equations using word equations. They were excited to work with their partners on various problems.
Science Ms. Sharma	This week, Grade Six learnt about the water cycle and what changes are caused because of the cycle. They were introduced to the concept of atoms and compounds. It was a new concept for them and they couldn't believe that an atom is the smallest particle of an element that can exist. They also worked on the presentation along with their partners and will be presenting it next week.
History/Geography Ms. Carey	This week in Geography, Grade Six students presented their fantastic powerpoint presentations on 'World Deserts'. Students showcased their understanding of how to research a topic and use precise information that they gathered to put together a presentation on it.
Global Perspectives Ms. Carey	This week in Global Perspectives, Grade Six students turned their focus to the global element of their project. In which they researched how their topic/issue impacts different countries/cultures. Students really enjoyed this element of their research as they were able to compare and contrast the similarities and differences they found, to Canada.

Q. What is the process of plants releasing vapours in the environment called?

Q. Solve for x when $2x + 5 = 6x - 4$.

Grade Seven Weekly Update

Friday, October 18, 2024

English Ms. Carey	This week in Grade Seven English class, students presented their creative writing piece that included vocabulary from their Wordly Wise lesson that have been completed thus far. Students displayed a variety of creative writing pieces, some students chose poems whilst others chose short stories. Some students decided to work in small groups and created mini chapters of a book. It was great to see the students use their creative side.
Math Ms. Sharma	This week, Grade Seven were introduced to the concept of Place value and rounding. They worked on the problems where they learned how to multiply and divide to 0.1 and 0.01. They even worked on problems where they learnt rounding decimal numbers.
Science Ms. Sharma	This week, Grade Seven were introduced to Force and how balanced and unbalanced forces work. They worked on an activity where they pushed and pulled an object and learnt about the force of a stationary object, and how force is still applied even if the object is steady.
History/Geography Ms. Carey	This week in History class, Grade Seven explored The First Nations territories before the Europeans came and claimed the land and resources of North America. Students were introduced to different tribes and identified how they worked alongside the land and gained from it. Students also learned about the fur trade and how it became such an important trade between the Europeans and The First Nations.
Global Perspectives Ms. Carey	This week in Global Perspectives, Grade Seven students incorporated their answers from the questions they asked at home, into their findings. This was to get some first hand information of how their topic/issue impacts people in their local area. The students really enjoyed this engaging activity as they got to hear the opinions of others on their research topic.

Visual Arts Mme. Lechallier	This week, the students are still continuing on working on two projects for the month of October: Halloween in 3d and Remembrance day Royal Canadian Legion contest.
French Mme. Lechallier	This week, the Students of Grade Seven are continuing working on conversation by acting along with that the students are in progress of writing a poem for the contest of Royal Canadian Legion. The students are having a lot of fun putting together their Halloween story that they will perform at the end of the month to the class. Along with that they are still in the process of learning their Winter showcase.
Health & Physical Education Mr. Makubuya	This Week, our Grade Seven class completed our Fitness Test part one and began our intro to the Badminton Unit. Playing 1v1 and 2v2 games as they prepare for the class tournament next week!
Wellbeing Ms. Carey	This week in wellbeing, Grade Seven students focused on close relationships. They identified how close relationships are with their parents, siblings or close friends and how it makes them feel. What are the characteristics of a good friend and the characteristics of a healthy relationship? Students drew a venn diagram into their copy to display the similarities and differences.
Music Mr. Morales	The Grade Sevens spent the week refining their skills while reviewing the material they have been given since the start of the year. Students worked through the first twenty exercises of the Essential Elements textbook while increasing the speed of the music significantly to a fast lively tempo. The class also continued working on their orchestral arrangement of the song All Apologies.
