

Grade Five Weekly Update

Friday, October 25, 2024

English Ms. Carey	This week in English, Grade Five students discovered the difference between Iambic Pentameter, Trochaic Inversion and Feminine endings. To put what they learned into practice, each student had to identify what variation of Iambic Pentameter a Shakespearean quote belonged to.
Math Ms. Sharma	This week Grade Five were introduced to counting and sequence. They learnt how to work on term to term rules and position to term rules. They even learnt about special numbers where they worked on square and cube numbers. They worked on various problems to understand the concept more.
Science Ms. Sharma	This week Grade Five learnt about chemical changes. They learnt how reactions form products from reactants and cannot be reversed. They observed various activities where they saw chemical reactions taking place and learnt about rusting, and how iron can be preserved from getting rust.
History/Geography Ms. Carey	This week in History class Grade Five showcased some fantastic powerpoint presentations on World Deserts. Students displayed a great understanding of the tasks through their exploration of different world deserts, comparing and contrasting some of the major deserts around the world and adding in some fun facts they found along with their research.
Global Perspectives Ms. Carey	This week in Global Perspectives students continued working on their topic/issue on a global level. Students have finalised their information from a local perspective, inputting their findings from both the internet and their interviews. They are now researching it on a wider scale and will compare and contrast their information.
Visual Arts Mme. Lechallier	This week, the students are still continuing on working on two projects for the month of October: Halloween in 3d and Remembrance day Royal Canadian Legion contest.

French Mme. Lechallier	This week the Grade Five were introduced to Halloween vocabulary along with writing sentences using the verb etre in present, futur, past and imperfect tense. Along with that some students work on writing their own poem to enter in the Royale Canadian Legion contest. The Grade Five are still in the process of learning their song for the Winter Showcase.
Health & Physical Education Mr. Makubuya	This Week our Grade Five class continued to work on their Badminton Skills while getting prepared for our class tournament next week!
Music Mr. Morales	The Grade Fives and Sixes made excellent progress this week as they reached exercise 31. Down the D scale. Students will begin preparing for 32. Essential Elements Quiz - Up the D scale that will happen next week. The class is also working on their long term project Paint it Black as they get ready for the Winter Concert.

Grade Six Weekly Update

Friday, October 25, 2024

English Ms. Carey	This week in Grade Six, students finalised their 'superhero vs villain' characters. Students identified the different characteristics that make a character a hero vs a villain. Students have really enjoyed exploring their adventure story unit and through their fantastic display of their own (very creative) characters and plots, they showed a great understanding of what makes a character and plots.
Math Ms. Sharma	This week Grade Six, was introduced to Angles and constructions. They learnt that the triangles sum is 180 degrees and the quadrilaterals sum is 360 degrees. They worked on various problems where they worked on finding the missing angles.
Science Ms. Sharma	This week Grade Six, learnt about atoms, compounds and formulae. They learnt the first 20 elements of the periodic table and their symbols. The concept helped them to recognise elements by their symbols and where they are placed in the periodic table. They were introduced to how to write the formula and name compounds by combining two or three elements and will continue learning about it.
History/Geography Ms. Carey	This week in History class Grade Six showcased some fantastic powerpoint presentations on World Deserts. Students displayed a great understanding of the tasks through their exploration of different world deserts, comparing and contrasting some of the major deserts around the world and adding in some fun facts they found along with their research.
Global Perspectives Ms. Carey	This week in Global Perspectives Grade Six students continued working on their topic/issue on a global level. Students have finalised their information from a local perspective, inputting their findings from both the internet and their interviews. They are now researching it on a wider scale and will compare and contrast their information.

Grade Seven Weekly Update

Friday, October 25, 2024

English Ms. Carey	This week in English class, Grade seven continued their exploration of the theme of 'love at first sight' through their study of the Shakespearean play 'Romeo and Juliet'. Students have enjoyed discussing their pre-reading questions and sharing their thoughts and opinions on the themes in the play.
Math Ms. Sharma	This week Grade Seven, was introduced to Angles and constructions. They learnt about parallel lines and their important properties - vertical opposite angles, corresponding angles and alternate angles. They worked on various problems where they worked on finding the missing angles.
Science Ms. Sharma	This week Grade Seven were introduced to speed. They learnt how speed is calculated and using the formula of speed worked on various problems. They worked on an activity where they calculated the speed of a ball travelling from one distance to another in the calculated time.
History/Geography Ms. Carey	This week in Grade Seven History class, students explored who tried to claim land from the First Nations people after the Treaty of Utrecht. Students pieced together what first nation groups were important to who and also examined why the French wanted the loyalty of the Wabanki confederacy.
Global Perspectives Ms. Carey	This week in Global Perspectives Grade students continued working on their topic/issue on a global level. Students have finalised their information from a local perspective, inputting their findings from both the internet and their interviews. They are now researching it on a wider scale and will compare and contrast their information.

Visual Arts Mme. Lechallier	This week, the students are still continuing on working on two projects for the month of October: Halloween in 3d and Remembrance day Royal Canadian Legion contest.
French Mme. Lechallier	This week, the Students of Grade Seven are continuing working on conversation by acting along with each other along with that they are in progress of writing a poem for the contest of Royal Canadian Legion. The students are having a lot of fun putting together their Halloween story that they will perform at the end of the month to the class. Along with that they are still in the process of learning their Winter showcase.
Health & Physical Education Mr. Makubuya	This Week our Grade Seven class continued to work on their Badminton Skills while getting prepared for our class tournament next week!
Wellbeing Ms. Carey	This week due to our fantastic field trip to Downey's Farm, we did not have our wellbeing class. Instead students had a lot of fun bonding with their classmates and partaking in fun activities whilst at the farm. Great fun was had by all.
Music Mr. Morales	The Grade Sevens worked through exercises 2 to 21 in their Essential Elements textbooks. The class also made excellent progress with an orchestral arrangement of the song All Apologies by Nirvana which they are preparing for the Winter Concert.
