

Grade Five Weekly Update

Friday, February 28, 2025

English Ms. Carey	This week in Grade Five English, students read a story about 'The green book'. Students explored ways we empathise with characters. They put themselves in their position and imagined how they would feel or what they would do in their situation.
Math Ms. Sharma	This week Grade Five started learning about multiplication. They were tested on their previous knowledge of multiplication and they discussed the steps of how to multiply two digit numbers with two digit numbers. They then started working on problems related to the topic to enhance their learning.
Science Ms. Sharma	This week Grade Five learnt about weightlessness. They learnt how astronauts survive in space and what they use to stay fit when they come back to the planet Earth. They were then introduced to the concept of effects of forces. They learnt how forces applied can change the position of an object.
History/Geography Ms. Carey	This week in Grade Five History and Geography students were introduced to a great Roman; Julian Caesar. Students explored him as a character in Ancient Roman history and discovered what brought about his fall from power.
Global Perspectives Ms. Carey	This week in Global Perspective Grade Five continued working on their research skills. They did this by understanding what makes a global and local issue, created their own questions in order to understand a global and local issue and identified useful sources to find answers to their questions.
Visual Arts Mme. Lechallier	The students are working on Mayan art by making masks. The students are really enjoying making the mask in papier mache for their mask. The students are moving on to the final step painting. For some students they are finish so they have been introduced to a new project Black History
French	The students did not have French class this week due to some event during this week. The students are still in the process of

Mme. Lechallier	learning their poesie for their test in a group of pairs for March 4.
Health & Physical Education Mr. Makubuya	This week our Grade Five class enjoyed their day of skiing and snow tubing as well as some Invasion of Territory Games in class!
Music Mr. Morales	The Grade Fives and Sixes continued rehearsing the song Oye como va along with an original introduction to the piece which is meant to challenge their skills and teach the concept of clave in Latin music. Some students also began working on the baroque piece Minuet in G by Johann Sebastian Bach.

Grade Six Weekly Update

Friday, February 28, 2025

English Ms. Carey	This week in Grade Six English students explored how events in a story are sequenced and linked by time. They highlighted time connectives in a story they read and gave some examples of their own time connectives that they would use quite often when they are writing their own stories.
Math Ms. Sharma	This week Grade Six started learning about the concept of sequences and functions. They were introduced to the concept of generating sequences. They learnt about the term to term rule and how to write a sequence using the rule and find the next terms in the sequence.
Science Ms. Sharma	This week Grade Six explored acids, bases and indicators. They learnt by observing different day to day use objects like - citrus fruits, coffee, milk, water, detergent, toothpaste to learn about the acid and base level. They will be performing an activity to observe the pH level of different liquids and use of different indicators.
History/Geography Ms. Carey	This week in Grade Six History and Geography students were introduced to a great Roman; Julian Caesar. Students explored him as a character in Ancient Roman history and discovered what brought about his fall from power.
Global Perspectives Ms. Carey	This week in Global Perspective Grade Six continued working on their research skills. They did this by understanding what makes a global and local issue, created their own questions in order to understand a global and local issue and identified useful sources to find answers to their questions.

Grade Seven Weekly Update

Friday, February 28, 2025

English Ms. Carey	This week in Grade Seven English students identified and commented on implied meaning in a text. They also identified different language techniques and explored the effects of informal language and non-standard english.
Math Ms. Sharma	This week Grade Seven learnt how to calculate the nth term of a sequence. They learnt how to find different terms of a sequence by using different rules of sequences. They worked on various problems to understand the concept.
Science Ms. Sharma	This week Grade Seven learnt about galaxies and rocks in space. They learnt about the shape of different galaxies and learnt how a galaxy is coming close to our milky way. They also learnt about asteroids and learnt about the largest and smallest asteroid known.
History/Geography Ms. Carey	This week in History, Grade Seven explored the cause and consequences of The Battle of the Plains of Abraham in 1759. They focused on the intended and unintended consequences of the conquest. They also stated what the short and long term consequences were.
Global Perspectives Ms. Carey	This week in Global Perspectives, Grade seven students further developed their researching skills. They explored the features of a good research question, how to write a good research question and how to write sub-questions to help answer research questions.
Visual Arts Mme. Lechallier	There are only a few students who are working on Mayan art by making masks and finishing painting. The rest of the class have been introduced to a new project to work on Black History, there are already some amazing pieces taking form.
French	This week the students are continuing on answering sentences in writing by “qui, quand, ou, pourquoi”. The students are

Mme. Lechallier	working on fruit.The sentences were introduced to their new poetry for March 3 on Mardi gras, the students are in pairs to create either the beginning or the end of this short poetry that they will have to perform in the front of the class by being creative and original.
Health & Physical Education Mr. Makubuya	This week our Grade 7 class enjoyed their day of skiing and snow tubing as well as getting a start on their Effects of Tobacco and Alcohols on the human body.
Wellbeing Ms. Carey	Grade Seven did not have Wellbeing this week as they were on a Ski trip.
Music Mr. Morales	The Grade Sevens continued working on the song Guantanamo and studying the various rhythms of Cuban son and salsa. The challenge of playing clave, cascara, montuno, and tumbao at the same time, all of which have different syncopated rhythms, cannot be understated.
