

Grade Five Weekly Update

Friday, March 28, 2025

English Ms. Carey	This week was a very exciting week in Grade Five English, students participated in our Spelling Bee. We started with an in class Spelling Bee, in which students had the opportunity to compete for a place in the whole school competition. Three students made it through to the next round. It generated a lot of fun and friendly competition in the classroom.
Math Ms. Sharma	This week Grade Five reviewed multiplication and started with division. They worked on various questions of division where they divided the whole number up to 1000 by 1,2 - digit whole numbers. They learnt rules of testing divisibility of how they can easily test by using numbers without doing long divisions and work on various problems to understand the concept more.
Science Ms. Sharma	This week Grade Five learnt about Buoyancy discovered by Archimedes and learnt how it explains how objects can float and sink. They performed an activity to understand the concept where they used different objects to understand how mass affects floating and sinking. They were then introduced to circuits and circuit diagrams. They learnt how to draw conventional symbols of a circuit.
History/Geography Ms. Carey	This week in Grade Five History and Geography, students studied Rome and Christianity. They identified why it was easy for people to travel with the Roman Empire between 27 BCE - 180 CE, who was Constatine and what led Constatine to encourage Christianity.
Global Perspectives Ms. Carey	This week in Global Perspective, Grade Five students started their 'Analysis' unit. To begin, students focused on the challenge 'powering our lives': 'What are the costs of energy use?' And 'how we can look after planet Earth'. In small groups, students discussed how energy is produced, how it is used and why energy production is an issue.

Visual Arts Mme. Lechallier	This week the students are in the process of finishing their Black History project. Some were introduced to do some research on Claude Monet “ French Painter” the students will work on a piece of their choice to realize on a canvas.
French Mme. Lechallier	This week the students work on reviewing the fruit section for their upcoming test on April 2. They were introduced to their new poesie for the month “ Le printemps” along with that the students have been practising their class song for the French night.
Health & Physical Education Mr. Makubuya	This week our Grade Five and Six Class competed in some Badminton Games, a few students from Grade Five and Six classes will be selected to represent the school at the SSAF Badminton Qualifiers on April 8th!
Music Mr. Morales	The Grade Fives and Sixes spent the week preparing for the upcoming Spring Concert with a variety of rehearsals and performance activities geared towards establishing confidence and musicianship while performing.

Monday March 31	Tuesday April 1	Wednesday April 2	Thursday April 3	Friday April 4
Regular Uniform	P.E. Uniform	Number One Uniform	P.E. Uniform	P.E. Uniform Classes end early today (Parent-Teacher Interviews)

Grade Six Weekly Update

Friday, March 28, 2025

English Ms. Carey	This week was a very exciting week in Grade Six English, students participated in our Spelling Bee. We started with an in class Spelling Bee, in which students had the opportunity to compete for a place in the whole school competition. Three students made it through to the next round. It generated a lot of fun and friendly competition in the classroom.
Math Ms. Sharma	This week Grade Six were introduced to fractions. They learnt how to simplify ratios, Adding mixed numbers, multiplying and dividing improper fractions. They challenged themselves by working on various questions to understand the concept.
Science Ms. Sharma	This week Grade Six started learning about Microorganisms. They learnt about different kinds of microorganisms. They grew some microorganisms using a petri dish, by doing an activity, where they collected the sample from a door knob and lockers. One group worked on an activity where they grew microorganisms from the air. They will observe the results in a week.
History/Geography Ms. Carey	This week in Grade Six History and Geography, students studied Rome and Christianity. They identified why it was easy for people to travel with the Roman Empire between 27 BCE - 180 CE, who was Constatine and what led Constatine to encourage Christianity.

Grade Seven Weekly Update

Friday, March 28, 2025

English Ms. Carey	This week was a very exciting week in Grade Seven English, students participated in our Spelling Bee. We started with an in class Spelling Bee, in which students had the opportunity to compete for a place in the whole school competition. Three students made it through to the next round. It generated a lot of fun and friendly competition in the classroom.
Math Ms. Sharma	This week Grade Seven started working on Graphs and functions . They learnt how to represent situations in words and using functions. They learnt how to write a function for word problems. They learnt to construct a table of values for a function and use the table to plot a graph. They worked on various problems and using a table they calculated coordinates and plotted them on a graph.
Science Ms. Sharma	This week Grade Seven started learning about Nutrients. They were introduced to all the six components and how these nutrients play a vital role in the growth of the human body. They learnt about macronutrients. They did a test for starch using iodine solution in the laboratory using apples, bread and sugar.
History/Geography Ms. Carey	This week in History and Geography, Grade Seven students focused on patterns of rivers and oceans. They studied the water system and described its function, they illustrated and labelled the characteristics of rivers and oceans and discussed how rivers affect the land.
Global Perspectives Ms. Carey	This week in Global Perspective, Grade Seven students began thinking about analysis. They worked together in small groups to take on the challenge of global brands and globalisation. Students worked together to think about problems with global brands, what some consequences are of big brands being everywhere and why certain big brands are so well known.

Visual Arts Mme. Lechallier	This week the students are in the process of finishing their Black History project. Some were introduced to do some research on Claude Monet “ French Painter” the students will work on a piece of their choice to realize on a canvas.
French Mme. Lechallier	This week the students work on reviewing the fruit section for their upcoming test on April 3. They were introduced to their new poesie for the month “ Le Renard et le Corbeau ”from Jean de Lafontaine. Along with that the students have been practising their class song for the French night.
Health & Physical Education Mr. Makubuya	This week our Grade Seven class completed Part 3 of their Fitness Test throughout the week!
Wellbeing Ms. Carey	This week in Wellbeing, Grade Seven students focused on dealing with change. In doing so students focused on evaluating choices that they have available to them in school. In groups students were given scenarios, each with two options and they had to discuss the possible outcomes of each option.
Music Mr. Morales	The Grade Seven Class spent the week preparing for the upcoming Spring Concert with a variety of rehearsals and performance activities geared towards establishing confidence and musicianship while performing. The class continues to work on timing and accuracy when performing afro-cuban polyrhythms. Students also explored New Orleans culture and the concept of “second lining” as they prepare for their concert this spring.
