

Grade Five Weekly Update

Friday, May 2, 2025

English Ms. Carey	This week in Grade Five English, students discussed and compared two places using facts, opinions and connectives. Students worked in small groups and discussed questions such as; do you live in a hot or cold place? Which do you prefer?. They also explained in their own words the difference between a fact and an opinion.
Math Ms. Sharma	This week Grade Five worked on multiplication and division of decimals. They learnt how to estimate and then multiply and divide a number with 1 or 2 decimal places by a 1 or 2 digit whole number. They worked on various problems to understand the concept.
Science Ms. Sharma	This week Grade Five were introduced to the concept of Refraction. They learnt how a ray of light changes direction when it travels through different mediums. They did an activity where they demonstrated how light travels when it refracts using a glass of water and a pencil.
History/Geography Ms. Carey	This week in Grade Five History, created their own 'Enlightenment period' powerpoint. They reflected on what they already knew about the Enlightenment. Once they explored what they already knew, they began researching what the Enlightenment was, where and when it began and the key figures in this
Global Perspectives Ms. Carey	This week in Global Perspective, students worked together to understand and think about someone else's perspective. Each group was given a statement, they reflected on their own perspective on it, after, they listened to the perspective of others. They then carried out a compare and contrast exercise to see the similarities and differences between their views and the views of others.
Visual Arts	This week the students start a new topic they are working on,

Mme. Lechallier	France.
French Mme. Lechallier	This week the students have been working on rehearsal on stage to take their mark for the French Night.
Health & Physical Education Mr. Makubuya	This week our Grade Five and Six classes enjoyed some Softball games in class and started their soccer training after school!
Music Mr. Morales	The Grade Five and Six Class has returned to the beginning of the course textbook in an effort to strengthen their reading skills and fundamental performance principles. This week, students also completed a simple note recognition theory exercise that will aid them in future assessments.

Monday May 5	Tuesday May 6	Wednesday May 7	Thursday May 8	Friday May 9

Grade Six Weekly Update

Friday, May 2, 2025

English Ms. Carey	This week in Grade Six students continued their unit of 'Unusual education'. We looked at homeschool, and argued the pros and cons of such type of schooling.
Math Ms. Sharma	This week Grade Six started learning about area and volume of shapes. They learnt how to derive and use the formula for the area of a triangle and volume of cubes and cuboids. They worked on various questions to understand the concept further. They were introduced to the surface area of cubes and cuboids by using examples to understand the concept.
Science Ms. Sharma	This week Grade Six learnt how fold mountains and volcanoes are formed. They discussed and researched about the disasters and explained how earthquakes happen and affect human life. They also learnt and discussed about how solar and lunar eclipse happen.
History/Geography Ms. Carey	This week in Grade Six students played a guess the year game - Students split into small groups and were each given 2 clue cards from a walk back in time - students had to determine which year their card belonged to. Students came together as a class and placed the correct cards with the correct year.
Global Perspectives Ms. Carey	This week in Global Perspective, students worked together to understand and think about someone else's perspective. Each group was given a statement, they reflected on their own perspective on it, after, they listened to the perspective of others. They then carried out a compare and contrast exercise to see the similarities and differences between their views and the views of others.
Visual Arts Mme. Lechallier	This week the students start a new topic they are working on, France.
French	This week the students have been working on rehearsal on

Mme. Lechallier	stage to take their mark for the French Night.
Health & Physical Education Mr. Makubuya	This week our Grade Five and Six classes enjoyed some Softball games in class and started their soccer training after school!

Grade Seven Weekly Update

Friday, May 2, 2025

English Ms. Carey	This week in Grade Seven English, students continued exploring the theme of friendship, loyalty and social class inequalities as they journeyed through their novel 'The Outsiders'. Students each created a chart in which they gave an example of each of the themes, and how they impacted on the story.
Math Ms. Sharma	This week Grade Seven worked on interpreting and drawing frequency diagrams. They worked on the problems to draw and interpret frequency diagrams for distance and continuous data. They learnt how to draw and interpret time series graphs, stem-and-leaf diagrams and worked on various problems.
Science Ms. Sharma	This week Grade Seven learnt about exothermic and endothermic reactions and how to distinguish between the two. They observed and performed various chemical reactions in the lab to observe the difference between the two reactions.
History/Geography Ms. Carey	This week in History, Grade Seven students focused on migration as a loyalist to British North America. They examined issues with absentee landlords, distribution of land and questioned why these people stayed so loyal to Britain.
Global Perspectives Ms. Carey	This week in Global Perspective, students worked together to understand and think about someone else's perspective. Each group was given a statement, they reflected on their own perspective on it, after, they listened to the perspective of others. They then carried out a compare and contrast exercise to see the similarities and differences between their views and the views of others.
Visual Arts Mme. Lechallier	This week the students start a new topic they are working on, France.
French	This week the students have been working on rehearsal on

Mme. Lechallier	stage to take their mark for the French Night.
Health & Physical Education Mr. Makubuya	This week our Grade Seven classes enjoyed some Softball games in class and started their soccer training after school!
Wellbeing Ms. Carey	This week in Grade Seven Wellbeing, students focused on ways we can improve our mental and physical health. Plans that we can put in place as summer approaches to make sure we are looking after our bodies and our mind, to feel and be the best version of ourselves.
Music Mr. Morales	The Grade Seven Class has returned to the beginning of the course textbook in an effort to strengthen their reading skills and fundamental performance principles. This week, students also completed a theory assignment based on recognizing repetition, steps, and skips in notated melodies; understanding intervals consisting of seconds and thirds; and an introduction to harmony and chord scales.
