

Grade Five Weekly Update

Friday, May 16, 2025

English Ms. Carey	This week in Grade Five English, students read a balanced report, discussed its meaning and identified the features. They also explored how the use of connectives and verbs improve our writing. They also learned that we read for meaning, how to identify persuasive language and find synonyms that sound more or less persuasive.
Math Ms. Sharma	This week Grade Five learnt about interpreting and representing data in frequency diagrams, line graphs and scatter graphs. They plan and carry out investigations using data that includes measures by working on various questions.
Science Ms. Sharma	This week Grade Five learnt to describe the relative position and movement of the planets, the Moon and the Sun in the solar system. They planned an activity to play planets and explain it in their groups. They'll be presenting the coming week.
History/Geography Ms. Carey	This week in Grade Five History and Geography, students learned the ways in which European's Enlightenment thinkers inspired America's Founding Fathers to create a government by the people, for the people.
Global Perspectives Ms. Carey	This week in Global Perspective, Grade Five students learned how we prioritise different values and what can influence one's perspective. They also reflected on what they find most important in today's society.
Visual Arts Mme. Lechallier	Introduction to Reggie Laurent abstract
French Mme. Lechallier	Introduced to farm animal plus introduce to verbe of 1 group in future tense

Health & Physical Education Mr. Makubuya	This week our Grade Five and Six class enjoyed games of Kickball and Flag Football. The class also prepared for the House Games Track day next week!
Music Mr. Morales	The Grade Fives and Sixes spent the week doing a review of early exercises from their Essential Elements textbooks. The class also continued working on the latest piece added to their repertoire, Green Hill Zone from Sonic the Hedgehog. The class is working on learning this piece for an upcoming performance.

Monday May 19	Tuesday May 20	Wednesday May 21	Thursday May 22	Friday May 23
Victoria Day - No classes	Track & Field Day - House T-Shirt or P.E. Uniform	Number One Uniform	P.E. Uniform	FPA Grub Day: DIY Day or P.E. Uniform

Grade Six Weekly Update

Friday, May 16, 2025

English Ms. Carey	This week in Grade Six English, students explored the different ways writers create voices, created content for a particular audience and debated critical responses to a text.
Math Ms. Sharma	This week Grade Six were introduced to position and transformation. They learnt to use maps and plans and calculate the distance between two points on a coordinate grid. They worked on various exercise questions to understand the concept more.
Science Ms. Sharma	This week Grade Six were introduced to electricity and they learnt how electricity flows around the circuit. They observed a circuit to understand how the flow of electrons takes place in the circuit. They learnt how electrons that flow make electric current.
History/Geography Ms. Carey	This week in Grade Six History and Geography, students learned the ways in which European's Enlightenment thinkers inspired America's Founding Fathers to create a government by the people, for the people.
Global Perspectives Ms. Carey	This week in Global Perspective, Grade Six students learned how we prioritise different values and what can influence one's perspective. They also reflected on what they find most important in today's society.

Grade Seven Weekly Update

Friday, May 16, 2025

English Ms. Carey	This week in English class, Grade Seven explored the features of the dystopian fiction genre. They expressed personal responses to some texts and considered how context can inform the writing and reading of a story.
Math Ms. Sharma	This week Grade Seven were introduced to position and transformation. They learnt to use bearings as a measure of direction. They worked out the coordinates of the midpoint of a line segment by working on various questions. They worked on translating shapes on a coordinate grid using vectors.
Science Ms. Sharma	This week Grade Seven learnt about reactions of metals with acids and how they form salts. They worked on worksheets to understand how endo and exothermic reactions work. They were introduced to the topic magnetism and will continue to learn about it.
History/Geography Ms. Carey	This week in Grade Seven Geography, students worked together and created a slideshow profiling a national park of their choosing. They included the location, a brief history, the reasons it's protected and the benefits of protecting it.
Global Perspectives Ms. Carey	This week in Grade seven Global Perspectives, students focused on what the term 'evaluation' means. Identifying the difference between evaluation and analysis and how we can recognise something that might be 'fake news'.
Visual Arts Mme. Lechallier	Reggie Laurent abstract
French Mme. Lechallier	Farm animal Introducing with sentence , review, response to question , qui, quand, ou, quoi, fait qui.

Health & Physical Education Mr. Makubuya	This week our Grade Seven class enjoyed games of Kickball and Flag Football. The class also prepared for the House Games Track day next week!
Wellbeing Ms. Carey	This week in Wellbeing, Grade Seven students focused on challenges people face in their everyday lives. They looked at different scenarios in which a person needed to overcome a challenge. They worked together as a group to decide on ways that a person could overcome that particular challenge.
Music Mr. Morales	The Grade Seven Class spent the week doing a review of early exercises from their Essential Elements textbooks. The class also continued working on the latest piece added to their repertoire, Song of Storms from the Legend of Zelda series. The class is working on learning this piece for an upcoming performance.
